BIPOC is an acronym for Black, Indigenous and People of Colour.

The scope of the club will be to analyze and discuss weekly news concerning BIPOC individuals. In the club, multiple forms of media will be analyzed including print, web based and TV/Netflix etc. Discussion will include the effect on society, integration, marginalization, empathy and understanding and the effect and role media plays in these areas.

Media literacy will also be a part of the club. The hope is that BIPOC will be a safe place for any who have felt marginalized to discuss their feelings and work toward a more accepting society.
